Water Gen CRADA Final Draft CLEAN Is lb gc 2017-11-15.docx
AWG SOW draft 092517.doc

Hi Tim – this is the CRADA with WaterGen that we've been waiting on for months. The EPA and WaterGen attorneys have finally settled on the language and we are preparing the documents for signature. We'll update the signature block to reflect you serving as Acting Director but I need to get clarification from the FTTA office about who needs to sign first.

Assuming we can get this clarified in the next hour or so, may I email this to Nathan Gentry or someone else in the IOAA to print off and bring it to you to sign?

OK! We need to get this signed by the NERL Director and get it to their attorney, Travis Lucas, ASAP.

Here are the latest versions I have – dated Nov. 15. If updates to the SOW have been made

since Nov. 15, please make sure I see that version before it goes to signature. I promise an immediate turn around.

Here is Travis Lucas' contact info:
